

REX DAIVID FLORES

Quezon City, PH • rexluci.flores@gmail.com • 09947194166 • github.com/rexflores • linkedin.com/in/rexflores

PROFESSIONAL SUMMARY

Adaptable Computer Engineering graduate with experience in software development, networking, IoT, and technical support. Built web applications, automation tools, desktop applications, and embedded system projects through academic, freelance, and internship experience. Skilled in troubleshooting, database management, and process improvement.

PROJECTS

Multi-Building Network Design Academic Project (Team)

- Designed a scalable Packet Tracer network for two college buildings in TUP-Manila using RIP, EIGRP, OSPF, static, and default routing.

Intelligent Home Automation System Thesis (Team)

- Developed an IoT-based smart home automation system using ESP32 with energy usage monitoring, voice and manual app control, mobile automation, and electrical safety features.

Smart Irrigation System Academic Project (Team)

- Built an IoT-based irrigation system using ESP32 and Blynk with automated and manual controls.

Shoes E-Commerce Website Commissioned Academic Project (Independent)

- Developed a responsive e-commerce website with CRUD operations, admin/customer dashboards, and MySQL database integration.

PDF Record Manager | github.com/rexflores/PDFRecordManager Personal Project (Independent)

- Developed a Python desktop app for PDF management with installer packaging and CI/CD deployment.

WORK EXPERIENCE

Admin Staff - Medical Department Feb 2025 - July 2026

Asian Development Bank (ADB), Mandaluyong City, Philippines

- Digitized confidential medical records and handled data entry, filing, and email correspondence.
- Built an automated Excel tracker using VBA, formulas, and conditional formatting to monitor document scanning progress.
- Developed a Python desktop app for PDF saving, record editing, and document management, improving workflow efficiency and accuracy.
- Improved filing accuracy and reduced manual errors through workflow automation.

EDUCATION

Bachelor of Engineering Technology major in Computer Engineering Technology Sep 2021 - Aug 2025

Technological University of the Philippines - Manila

- Relevant Coursework: OOP, DSA, Embedded Systems, Networking, Web and Mobile App Development

KEY COMPETENCIES

Soft skills	Organization, multitasking, adaptability, attention to detail
Programming	C/C++, Java, Python, SQL, VBS/VBA
Web Technologies	HTML5, CSS3, Bootstrap, Javascript, PHP, Firebase
Tools	Github, Android Studio, Microsoft Office, Canva
Networking	Routing & Switching, IP Addressing & Subnetting, VLANs, Packet Tracer, IoT
Technical Support	Hardware/software troubleshooting, OS installation, system configuration
